	Live streaming hall for online participants	Live streaming hall for online participants	Live streaming hall for online participants	Hall D	Hall E	Hall F	Hall G	Hall H	Hall I	Hall J	Hall K	Off Programme
08:00-08:50	Educational Symposium - Steroids and neonatal outcome - (ESPR)	neonatal critical care nurses (ESPNIC)	Educational Symposium - Acute pain, how to prevent to make it become chronic (EAP)	in children before the child is in the intensive care unit (ESPNIC)	of gastroesophageal reflux disease (EAP)	lung disease (ESPR)		prescription and use. Differences in current practices across Europe (EAP)	Educational Symposium - Pros and cons: Probiotics (EAP)	Educational Symposium - The future of federated research for infant and child health (ESPR)	Educational Symposium - It is all about the kidneys (ESPNIC)	
08:00-08:25	Antenatal steroids	Approaches for success: enhancing staff engagement with research Julie Menzies, UK (20+5 min)	acute pain?	treatment of cardiogenic shock in neonates	Ketil Størdal, Norway	Ruben Witlox, Netherlands (20+5 min)	Recognition and treatment of MIS-C Michael Carter, UK (20+5 min)	Differences in current practices across Europe	Rethinking probiotics in pediatrics facing new evidence Szajewska Hania, Poland (50 min)	RECAP Preterm platform Dieter Wolke, UK (20+5 min)	Updates on neonatal AKI Akash Deep, UK (20+5 min)	
08:25-08:50	Systemic steroids in evolving BPD Theodore Dassios, UK (20+5 min)	How do bedside nurse roles differ across Europe?	How can we optimally cope with procedural pain? Piet Leroy, Netherlands (20+5 min)	Management - early recognition and treatment of cardiogenic shock in children	(50 min)	Update on CDH Jan Deprest, Belgium (20+5 min)	Respiratory support for the child with COVID-19 Martin Kneyber, Netherlands (20+5 min)	The challenge of antibiotic stewardship in Europe Shai Ashkenazi, Israel (20+5 min)		The Lifecycle Platform Vincent Jaddoe, Netherlands (20+5 min)	AKI in oncology patients Pauliene Raymakers-Janssen, Netherlands (20+5 min)	
08:50-09:00	Plenary Lecture III					Shor	t break					
09:00-10:00	Big data / AI advances in paediatric healthcare											
10:00-11:00							lewing, Visit Exhibition Area				-	
11:00-12:20	ESPR Session: Update on neonatal resuscitation	EAP Session: Cancer survivor: what to do with them or what is the role of the primary care paediatrician	ESPNIC Session: Protecting the brain	ESPR Session: Electrolytes	ESPNIC Session: The changing landscape of the paediatric intensive care unit	EAP Session: Follow up of ex premature bables in primary care, what are the pitfalls	ESPNIC Session: The use of Big Data in PICU Nutrition Research	ESPNIC Session: Outcomes in cardiac intensive care – a multidimensional approach	ESPR Session: Surfactant	EAP Session: The integrated health and social approach in children with chronic diseases: Is complex care of children with chronic diseases possible in the community healthcree	ESPNIC Session: Haemodynamic monitoring in the PICU	
11:00-11:25	Laryngeal mask use Daniele Trevisanuto, Italy (20+5 min)	The recommended follow up of paediatric cancer patients in the community	Each unit should have a neurocritica care programme	Fluid and electrolytes in parenteral nutrition Silvia Iacobelli, France (20+5 min)	Secrets and scents of caring: From seclusion to separation Jos Latour, UK (20+5 min)	Premature babies after discharge: how to optimize follow up in the community Tom Stiris, Norway (20+5 min)	'Zooming Out' using clinical data in nutritional research Koen Joosten, Netherlands (20+5 min)	Improving outcomes after cardiac surgery: examples in collaborative learning Kate Brown, UK (20+5 min)	Lung transplant in congenital surfactant disease	healthcare The right way to manage children with chronic and complex disease in primary care Maria Brenner, Ireland (20+5 min)	Evidence based international guidelines on use of POCUS in neonatal and pediatric intensive care unit – what's next? Yogen Singh, UK (20+5 min)	
11:25-11:50	Technology in the delivery room Don Sharkey, UK (20+5 min)	Paediatric cancer patients: are they ever cured? A long-term care plan for the primary care paediatrician	Therapeutic hypothermia in critically ill children: where are we now? Corinne Buysse, Netherlands (20+5 min)	/ Calcium and phosphorus requirements of preterm infants	Changing boundaries: evolving critical care for the child with chronic morbities Joe Brierley, UK (20+5 min)	Common diseases in premature children Luc Zimmermann, Netherlands (20+5 min)	'Zooming in' using biomarkers in nutritional research Nilesh Mehta, USA (20+5 min)	Improving outcomes after ECMO and VADs Aparna Hoskote, UK (20+5 min)	Surfactant in late preterm infants Olivier Danhaive, Belgium (20+5 min)	The art of shared decision making in paediatrics Bjørn Wettergren, Sweden (20+5 min)	Advances in multi-modal hemodynamic monitoring for infants and children Joris Lemson, Netherlands (20+5 min)	
11:50- 12:20	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	3 orals (10 min per oral - 8+2 min)	
12:20-12:30				Short Oral Session 01: (8 presentations - 7 min per short oral - 5+2 min)	presentations - 7 min per short oral -	Short Oral Session 03: (8 presentations - 7 min per short oral -	presentations - 7 min per short oral -	presentations - 7 min per short oral -	Short Oral Session 06: (8 presentations - 7 min per short oral - 5+2 min)	Short Oral Session 07: (8 presentations - 7 min per short oral - 5+2 min)
