

EAPS 2022 – Ask the Speaker

Instruction for participants

- ‘Ask the Speaker’ is a Q&A tool allowing participants to send questions to the moderator/speakers LIVE via the congress app*.
- The process of asking questions is easy and intuitive:
 - Download EAPS app Apple store or Google play
 - Navigate to the session
 - Click on the session’s MEDIA LINK in the App

- Type your question and click on the green arrow

*Available for Android or iOS devices

Instruction for the moderator

As for the moderator, he/she will receive an iPad at the beginning of the session that is prepared in advance to receive all the questions. All the questions that the participants send through the app will be entered into the iPad. The moderator will be able to read from the iPad all the questions and decide which of the questions he/she wants the speaker to answer. He/she will read the selected questions out loud, and the speaker will answer accordingly.

Moderators in streamed halls are asked to come to the session hall 10 minutes before the session starts to get familiar with this feature on the i-pad
